DEVELOPING LEADERS

CREATIVE & ENGAGING PROGRAMMING

Exposure to diverse activities and talented people they otherwise would not have encountered

A clear, consistent structure that helped participants maintain focus and meet deadlines

COLLEGE PREP

Universal success in college acceptance among all participants

Recognition that guidance and expertise in financial aid, essay writing, and college selection were essential

SKILL DEVELOPMENT

Growth as an individual primarily in communication, public speaking, time management, leadership, and self-esteem

A resounding sense among participants that they were being individually supported by caring and knowledgeable staff

YOUTH FEEDBACK

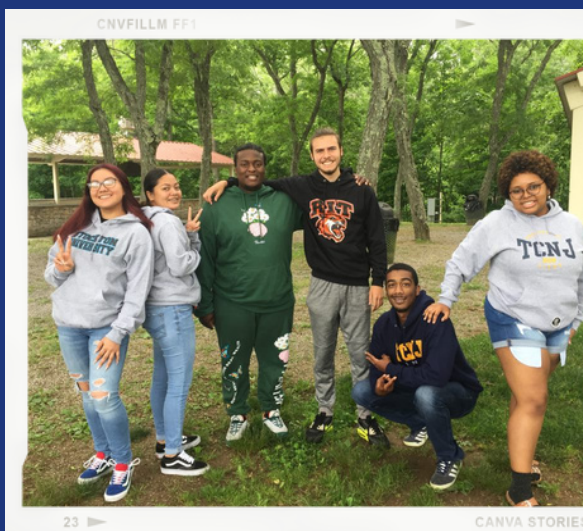

WHAT YOUTH VALUED

"I would say that it's a great opportunity to get **outside of your comfort zone**, get **resources** for your future and make new friends."

"Millhill's resources—organizing the financial aid work, **helping me with workload and stress load**. Keeping track of everything across many schools with different deadlines."

"Having help with college. I am the first in my family to be a college applicant. My mom didn't have the experience to help me."

"The most important thing for me was getting educated about the process. Everyone in the program had to follow the path—I was able to gain so much information and **will use it when my sister is coming up to do this.**"
