

Millhill Child & Family Development
**REPORT TO THE
COMMUNITY 2016**

May 2017

Dear Millhill Supporters,

Millhill enjoyed a milestone year in 2016 as we celebrated 45 years serving Trenton! While our programs and services have evolved over the years to help meet the needs of the community our commitment to Trenton children and families remains steadfast.

Among our biggest accomplishments over the past year is the launch of adult counseling services at our counseling center located at 802 Prospect Street. We are proud to now offer comprehensive behavioral health services to both children and adults and support the entire family unit.

Perhaps the most important part of Millhill's work is our responsiveness and adaptability to the needs of the children and families we serve within the context of our areas of focus; education, family support and counseling. This willingness to be flexible in our approach creates an environment of trust and safety which is the groundwork from which growth and change can occur.

I hope you are inspired by the work highlighted in our report. With your continued help we can provide support and services to more families in need. Please consider investing in our community and in the health of children and families by visiting our website to make a donation or call us at 609-989-7333.

With gratitude,

Cynthia H. Oberkofler
Executive Director

Celebrating 45 Years of Service in 2016!

Counseling Center Services Expansion

Among our biggest accomplishments over the past year is the launch of adult counseling services at our counseling center at 802 Prospect Street. We are proud to now offer comprehensive behavioral health services to both children and adults and support the entire family unit. Behavioral Health Services have expanded from serving 35 clients a week in 2009 to over 400 a week in 2017.

Summer Youth Employment

The Summer Youth Employment Program is a public private partnership in conjunction with City Hall and Mayor Eric Jackson, the MIDJersey Chamber of Commerce, Trenton Area Stakeholders and Millhill. In 2016, the program provided job training and employment to 85 youth in Trenton and we are offering the program again during the summer of 2017.

Trenton Area Stakeholders

Millhill's commitment to helping children and families extends to our work as the steward and supporter of the Trenton Area Stakeholders (TAS), a network of over 800 community stakeholders who initiate and sustain community efforts that have an impact on our community. TAS meets five times a year and provides an ongoing forum to foster collaborations and the necessary dialogue to help strengthen Greater Trenton.

Our Goals for 2017

As we move to the future, we will continue to grow our **Counseling Services**, expand our **Health Literacy** initiative across programs and to the community at large to inspire and educate individuals to lead healthier lives and provide more **Youth Services** to Trenton teens.

Through our **Youth Services**, we plan to continue to **build on the success** of the **Trenton PEERS** and **Summer Youth Employment** programs to **further invest in youth**. Our youth programs will engage teens through civic engagement focusing on leadership development that **promotes positive youth outcomes** and consists of creative solutions to the challenges that are presented with engaging youth.

“PEERS got me to be more proud of who I am, where I came from, and where I’m going.”
